1 . Introduction

The 3rd Practice Abstract in SUPER-G (The effectiveness of policies promoting sustainable permanent grassland across five European countries (representing five biogeographic regions), summarizes the methodology to assess the policy instruments available, and their impacts on permanent grassland (PG) management and ecosystem services (ES). The 4th Practice Abstract (SUPER-G Co-Innovation Farm Workshops) focus on identify existing and innovative approaches and technologies for testing. Both were submitted in the EIP-AGRI platform in May 2021 and can be found in <https://ec.europa.eu/eip/agriculture/en/find-connect/projects/super-g-developing-sustainable-permanent-grassland>. These Practice Abstracts were prepared by ADAS, CONSULAI, the University of Newcastle and University of Ljubljana, having the approval of the whole Consortium. Deliverable 6.6 - “EIP-AGRI Set of Practice Abstracts 2” - was delivered by the due date (month36) and published in month 41 (October 2021).

2 . Project Outputs

The next report on the set of SUPER-G EIP-AGRI Practice Abstracts (D6.7) will be published in month 54 (November 2022) and will reflect the project’s outputs in months 36 to 54.
